EDGAR PERALTA ESGUERRA JR.

Tanay, Rizal 1980 | 09763879272 | jedesguerra37@gmail.com

PROFESSIONAL SUMMARY

Computer Engineering graduate and Information Systems Analyst at LGU Tanay, experienced in building in-house web systems with PHP, MySQL, HTML, CSS, and JavaScript to streamline workflows and support digitalization across municipal offices. Skilled in front-end development and UI design, with growing expertise in Laravel and React. Combines software development with hands-on IT support, troubleshooting technical issues and ensuring smooth operations across networks, printers, and workstations. Focused on accessible, user-centered solutions that improve efficiency and transparency.

EXPERIENCES

Information Systems Analyst **October 2025 - Present**
Local Government Unit of Tanay Tanay, Rizal

- Diagnosed, troubleshot, and resolved complex hardware and software incidents, performing root cause analysis and implementing corrective actions within SLA timelines to minimize disruption to municipal operations.
- Designed and developed in-house monitoring and management systems using PHP, MySQL, HTML, CSS, and JavaScript, streamlining departmental workflows and improving transparency in tracking documents, requests, approvals, and operational records across eight (8) municipal offices.
- Applied secure development practices including prepared SQL statements, password hashing, CSRF protection, and role-based access control to protect sensitive municipal records and user accounts.

IT Technical Support Intern **September 2024 - November 2024**
PSALM Corporation Quezon CIty, NCR

- Troubleshot and resolved hardware and software issues within established response timelines, minimizing downtime and supporting daily office operations.
- Performed preventive maintenance and documented ICT equipment activities, improving reliability and providing clear records for future audits.
- Supported audiovisual setup for meetings and managed on-site device configuration, enabling seamless presentations and reducing technical disruptions.

Front-end Developer Intern **August 2023 - October 2023**
8Box Solution Inc. Pasig CIty, NCR

- Developed and tested user interfaces with ReactJS, improving usability and boosting application performance for end users.
- Collaborated with developers to debug and optimize UI components, reducing errors and enhancing overall system stability.

EDUCATION

Bachelor of Science in Computer Engineering September 2025
Polytechnic University of the Philippines
Awards: Consistent Dean's and President Lister, DOST-SEI Scholarship Recipient

SKILLS AND INTERESTS

Technical Skills: Proficient in Legacy PHP, MySQL, HTML5/CSS3, Microsoft Office Suite (Word, Excel, PowerPoint); Familiar with ReactJs and Tailwind CSS
